ConceptualCV/information about

MANUEL SILONIZ

-Graduate in Nautical Engineering and Maritime Transportation from the University of Cádiz. Captain of the Merchant Navy for 25 years, specialist in oil platforms, fire on the high seas, and transportation of large ships. Diploma in Electricity and design, build, control and maintain ships, and all systems and machinery used on ships and other maritime transport systems.

-Captain director of Puerto Sherry (large private marina) Puerto de Sta. Maria-Cádiz. Director and Organizer of Regattas and sailing competitions for all ages.

-Captain and Management of the Andalusian Ports in the Department of Public Works/ Junta de Andalucía/ Autonomous Government. Direct and supervise all operations carried out in ports, both in jurisdictional and territorial waters, that is, those that are under the direct control of the State.

-Retired and founding partner of Valdelarte dedicated to the environmental restoration of the Forest-Headquarters of the association and Farm. Conscious and ecological waste management, renewable energy, and water management since the space has two springs and a well. In charge of maintenance, materials, tools, and safety.

His collaboration and attention to the resident artists is fundamental, he also manages and supervises the works of artists of recognized prestige (e.g. with Nils Udo) who have collaborated with Valdelarte in other Land Art/Earth Work interventions or requests for local and regional institutions.

Currently and selflessly directs the cleaning and conditioning of the forest/headquarters for the beginning of the season. Eventually, other local artists from the association such as Eduardo José Rodríguez or Lahle Gómez (Huelva) collaborate with him for the restoration and maintenance.
